

## Transfer Pathways to VCU (2016-17) Central Virginia Community College

Virginia Commonwealth University welcomes applications from Central Virginia Community College students. VCU encourages students to participate in the Guaranteed Admission Agreement (GAA) that VCU has established with the Virginia Community College System. Students who complete a General Education Certificate and/or a transfer-oriented Associates degree, with a minimum GPA of 2.5, with no grades below a C in all transferable courses, are guaranteed general admission to VCU. **Please note: this agreement does not guarantee admission to professional or specialized programs such as art, engineering, or health programs.**

More information about our transfer agreements, including the Guaranteed Admission Agreement, is located at: <http://www.ugrad.vcu.edu/apply/transfer/agreements.html>. Students planning on transferring to VCU under the Guaranteed Admission Agreement must sign the "Letter of Interest" after completing 15 credits ([http://www.ugrad.vcu.edu/pdfs/VCCS-VCU\\_Interest\\_in\\_Transferring\\_Form.pdf](http://www.ugrad.vcu.edu/pdfs/VCCS-VCU_Interest_in_Transferring_Form.pdf)).

By carefully selecting an appropriate degree program at Central Virginia and completing certain required courses for that degree program, students can fulfill the introductory-level requirements of the first one or two years for most baccalaureate degree programs at VCU. The following pages provide specific course recommendations for students enrolled in those degree programs that correspond to the Central Virginia curricular requirements for those degrees.

1. General Education Certificate (page 3):

Appropriate for all students who wish to transfer to VCU in less than two years. This is particularly appropriate for undecided students or prospective art students. Although the Certificate is appropriate for prospective art students at VCU, it does not guarantee admission into the School of the Arts. Prospective art students should review admission requirements at: <http://arts.vcu.edu/admissions/how-to-apply/>

2. Associate of Arts & Sciences in Business Administration (page 4):

Appropriate for prospective majors in Accounting, Business Administration and Management, Economics (Business), Finance, Financial Technology, Human Resource Management, Information Systems, Marketing, or Real Estate.

3. Associate of Arts & Sciences in Education (page 5):

Appropriate for students who wish to transfer to the major in Liberal Studies for Early and Elementary Education and complete the Extended Teacher Preparation Program in Elementary Education. Students who wish to teach Middle or High School should select one of the following majors: Biology, Chemistry, English, History, Mathematical Sciences, Physics, or Political Science.

4. Associates of Science in Engineering (page 6):

Appropriate for prospective majors in Biomedical Engineering, Chemical and Life Science Engineering, Computer Engineering, Computer Science, Electrical Engineering, and Mechanical Engineering.

5. Associate of Arts & Sciences in General Studies (page 7):

Appropriate for prospective majors in African-American Studies; Anthropology; Criminal Justice; Economics (Humanities & Sciences); Gender, Sexuality & Women's Studies; Mass Communications; Philosophy; Psychology; Religious Studies; Social Work; Sociology; and Urban and Regional Studies.

6. Associate of Arts & Sciences in Liberal Arts (page 8):

Appropriate for prospective majors in Art History, Cinema, English, Foreign Language (French, German, Spanish), History, Homeland Security, International Studies, or Political Science.

## 7. Associate of Arts &amp; Sciences in Science (page 9-10):

Appropriate for students who plan on transferring to the following majors at VCU: Bioinformatics, Biology, Chemistry, Environmental Studies, Forensic Science, Health, Exercise Science, Physics, or Science. This degree program is also suitable for students interested in Pre-dentistry, Pre-medicine, Pre-pharmacy, or Pre-physical Therapy (following the recommendations for Biology majors). However, students should refer to the health program's website for information concerning admission prerequisites and adjust the course selection accordingly. **NOTE: Completing the associate degree does not guarantee acceptance into these health programs.**

## 8. Recommended courses for the VCU Health Science Programs (page 11-16):

For students interested in applying for one of the following Health Science programs at VCU: Clinical Laboratory Sciences, Dental Hygiene, Nursing, Occupational Therapy, and Radiation Science. Students should refer to the health program's website for information concerning admission prerequisites and adjust the course selection accordingly. **NOTE: Completing an associate degree does not guarantee acceptance into these health programs.**

## General Education Certificate Central Virginia Community College
